

# Combatant Command Priorities for FY2018 Nominations

**UNCLASSIFIED**

## USTRANSCOM

- Cyber/ Information Assurance

- Global Access/Point of Need Delivery
- Adaptive Planning & Execution

- C2/Info Discovery/Knowledge Mgmt

## USSOCOM

- Comprehensive Signature Management
- Protection of SOF operators and platforms
- All condition ops - Hostage Rescue and Recovery, CWMD, and CT, unilaterally and with partners
- Tagging, Tracking and Locating technologies
- Surveillance and force protection sensors
- Intelligence systems
- Data Interoperability for Battlespace Awareness
- Cyber-enabled operations
- Biometrics
- Low Probability of Intercept/Detection tech
- Advanced night vision tech
- Precision Guided Munitions
- Scalable Effects Weapons
- Improved Human Performance,
- Tactical Combat Casualty Care
- MISO

## USNORTHCOM

- Detect, Track & ID Air Targets
- Network Resiliency
- Engage Air Targets
- Arctic Capabilities
- Maritime Surveillance-Sub-Surface
- Operational Use of Social Media

- Maritime Non-Lethal Engagement
- Maritime Surveillance - Surface
- Critical Time Management of GPS
- Threat Info Sharing, Collaboration and Dissemination
- CWMD Preparedness and

- Response in the Domestic AOR
- Mine/Underwater IED (UWIED) in Homeland
- Recovery of USG Personnel in USNC AOR
- Mission Assurance
- Common Integrative Framework

## USSOUTHCOM

- Counter Transnational Organized Crime
- Counter- Terrorism
- Building Partnership Capacity
- Support to Contingencies (HA/DR)

## USCENTCOM

- Bandwidth compression/reduction
- Stand-off CBRNE detect/defeat (emphasis on "e")
- Pre-shot, automated counter-sniper, counter-mortar, counter-RPG
- Biometrics
- Multi-level security over single architectures
- Data to decisions
- Force protection
- Persistent surveillance
- Scalable effects - non-lethal to lethal
- Blue force situational awareness
- Tagging, tracking, locating

## USEUCOM

- Integrated Air and Missile Defense
- Anti Access / Area Denial (A2/AD)
- Intelligence, Surveillance, Reconnaissance
- Space Resiliency
- Counter UAS
- Cyber Common Operating Picture/Defense
- Electronic Spectrum Management
- Building Partner Capability

## USAFRICOM

- ISR
- Maritime Domain Awareness
- Infectious Disease
- Operational Energy
- Identity resolution
- Communications
- Personnel Recovery
- Counter IED

- Command and Control
- Interoperability
- Maritime Surface and Subsurface ISR and Comms
- Logistical Support In Theater

## USPACOM

- Humanitarian Assistance/Disaster Relief
- Maritime Security / Maritime Domain Awareness
- Integrated Air and Missile Defense
- Space Assurance
- ISR/Communications/Navigation in a contested environment
- Enhance interoperability among allies and partners
- Cyber / Electronic Warfare
- Data Fusion/ Sense Making capabilities
- Counter unmanned threats
- Hypersonic Applications
- Small Sat/responsive launch capabilities
- Environmental Security
- Counter weapons proliferation
- Building Partner Capacity
- Counter terrorism/extremism
- POW / MIAs

## USSTRATCOM

- Joint Strategic Deterrence
- Joint Space Operations

- Joint Cyber Operations
- Combating WMD
- Missile Defense

- Global Strike
- ISR
